Apartment Association Application

Introduction

A unique platform which can be used by Cooperative Housing Societies/ Resident Welfare Association/ Apartment Association etc.

In a matter of clicks, one can have access to MOM, raise concerns, resolve queries, circulars, notices and other interesting features like allowing entries of delivery or others into the community.

Puts an end to the out-of-date approach adopted by various societies.

Requirement Specification

ADMIN

Approve/ Decline the requests of the association member

Add MOM
